Living Right Never Felt So Good

RELAX. IT'S  Master Spas®

WELCOME WELLNESS

Nourishing your body and mind is more than a diet and exercise routine. Using heat and the element of massage, Legend Family Hot Tubs by Master Spas deliver head-to-toe wellness. Enjoy a unique hydrotherapy experience that eases aches and pains, calms stress and boosts the natural healing response. Experience a new way to improve your quality of life through purposeful relief and enhanced well-being.

Countless Health Benefits

Legend Family hot tubs combine the healing power of hot water with the benefits of massage therapy. Experience relief from the aches, pains and stresses of life as the body's natural healing response is triggered. Legend Family hot tubs offer a host of wellness benefits to help you live life better. Research* supports that soaking in a hot tub helps:

- Relieve stress and anxiety while improving sleep
- Relax muscles and release nerve pressure points
- Reduce blood pressure while improving circulation
- Benefit people with Type 2 diabetes and arthritis
- Speed recovery from injury or sports

Hydrotherapy Jet Power

Don't let a trying day get the best of you. Relieve stress and revive your senses as you relax, letting our strategically placed powerful jets provide maximum hydrotherapy coverage for your shoulders, back, calves, arms, hands and feet. Individual jet controls let you configure the ideal settings for you.

Ergonomic Design

Relax into the comfortable and functional seats that allow you to enjoy the best of Legend Family hot tubs. The sleek, modern look was designed with you in mind. Ergonomic seating allows you to feel supported yet relaxed, while drink holders and spa pillows add to the sense of well-being.

Stress Relief for Your Neck and Shoulders

The reverse moulding in our StressRelief™ Neck and Shoulder Seat* is the secret to soothing neck and shoulder hydrotherapy that goes beyond the usual. The unique moulding of the seat allows downward-directed jets to relieve tension where you need it most — across your shoulders and neck muscles.

*On selected models.

Premium Stainless Steel Jets

These premium stainless steel jets contrast with the acrylic shell to produce a classy, stylish look. Legend Family models feature a variety of jet types, from rotator jets spun by water pressure to soft tissue and multi-directional jets. All jet types are combined in a specific configuration for the best massage.

LED Lighting System*

Legend Family hot tubs feature a multi-point LED lighting system that illuminates the water, cascading waterfalls and backlit cup holders with an array of colours. With the touch of an icon on the easy-to-use control panel, you can create custom lighting that adds beautiful ambiance to any occasion.

Bluetooth Sound System*

Experience the quality Bluetooth sound system with two waterproof speakers and internal subwoofer. This system connects quickly and easily to your phone or other device via Bluetooth, allowing you to stream your favorite music station or playlist.

Wi-Fi Module**

Control your spa's primary functions using the optional remote capability module and Wi-Fi app. Simply download the app to set the lighting, water temperature and massage pumps to be ready when you are.

Heat Pump

All Master Spas now come heat pump ready. Heat pumps can reduce your spa's running costs, speed up heating times, and lower your spas' carbon footprint.

Polymer Base

The hot tub frame is finished with our Vac-Formed ABS Pan Bottom, which is a premium, high-density polymer base designed to keep heat in and the elements out.

QuietFlo Water Care System™*

Spend more time enjoying your spa and less energy keeping it clean. With the QuietFlo Water Management System, a dedicated circulation pump keeps your water, clean, clear, and fresh smelling. This energy-efficient system moves the water through the filters — all without turning on the jets.

Cascading Waterfalls

Featured on select Legend Family models, these tranquil water features combine with LED mood lighting to promote a relaxing environment.

Energy Efficiency

Legend Family hot tubs are built to be used year-round in any climate. In fact, our environmentally friendly insulation makes them among the most energy-efficient hot tubs in the industry. All resulting in what really matters — a superior spa experience and savings for you and your monthly utility bill.

Legend 7

BY MASTER SPAS

MASTER SPAS CARES

Master Spas is dedicated to helping people live life better. Our faith and beliefs guide us in partnering with local and national organizations for the greater good.

NAZ Children's Centre A school in Rose Hall, Jamaica, that specializes in learning strategies to accommodate the neurodiversity of their students. Master Spas and our dealers were proud to be a part of building a new elementary school in 2013 and a new high school in 2018.

The Crossing A faith-based high school that empowers struggling students to become contributing members of their communities through academics, job training, and character education.

Michael Phelps Foundation Works to promote healthy, active lives, especially for children, primarily by expanding the opportunities for participation in the sport of swimming. Programs include water safety, emotional wellness and grants for competitive swimmers.

St. Jude Children's Research Hospital

Leading the way the world understands, treats and defeats childhood cancer and other life-threatening diseases.

Lupus Foundation of America Works to advance lupus research and improve life for people living with lupus.

Michael J. Fox Foundation Dedicated to finding a cure for Parkinson's disease and to ensuring the development of improved therapies.

Tunnel to Towers Foundation Honors military and first responders who continue to make the supreme sacrifice of life and limb for our country, founded in memory of Stephen Siller who laid down his life to save others on September 11, 2001.

Legend Family hot tubs are manufactured in the USA by Master Spas, LLC. Based in Fort Wayne, Indiana, Master Spas operates out of a state-of-the-art 36-acre manufacturing campus, is the largest manufacturer of portable spas and hot tubs entirely built in the United States, as well as the largest swim spa manufacturer in the world.

LEGEND FAMILY HOT TUBS ARE MANUFACTURED BY MASTER SPAS, AN AWARD-WINNING COMPANY YOU CAN TRUST.
